INDEPENDENT AUDITORS' REPORT

To The Finance Committee and Board of Directors

Friends of Woodstock School, Inc.

Report on the Financial Statements

We have audited the financial statements of Friends of Woodstock School Inc. (a nonprofit organization), which are comprised of the statement of financial position as of June 30, 2017 and 2016 and the related statements of activities and changes in net assets, functional expenses and cash flows for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Friends of Woodstock School Inc. of June 30, 2017 and 2016 and the changes in its net assets and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

NOTE 1 – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Investments

Investments are reported at their fair market values in the statements of financial position.

Furniture and equipment

Furniture and equipment are stated at cost or if donated at fair market value at the date of donation. Furniture and equipment costing over \$1,000 are capitalized and depreciated over their useful lives of three to five years using the straight-line method. As of June 30, 2017, property and equipment of \$909 was depreciated.

Promises to give

Promises to give are shown at net realizable value. Unconditional promises to give are recognized as revenues in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give recognized when the conditions on which they depend are substantially met. Unconditional promises to give as of June 30, 2017 were due as follows:

Receivable in less than one year	\$ 81,000
Receivable in one to five years	29,000

NOTE 1 – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Restricted and unrestricted support

Donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When restrictions expire (that is when a stipulated time restricted ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported as net assets released from restrictions.

Gifts of equipment are reported as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

Deferred revenue

Deferred revenue consists of payments received in advance of the annual conference. Revenue is recognized in the period to which it applies.

Donated assets

Donated marketable securities and other non-cash donations are recorded as contributions at their fair value at the date of donation.

Fair value measurements

In accordance with financial accounting standards, a three-tiered hierarchy of input levels is used for measuring fair value. Financial accounting standards defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Valuation techniques utilized to determine fair value are consistently applied. The three tiers of inputs used for fair value measurements are as follows:

FRINDS OF WOODSTOCK SCHOOL, INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2017 and 2016

NOTE 1 – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

(CONTINUED)

Level 1: Fair values are based on quoted prices in active markets for identical assets and liabilities.

Level 2: Fair values are based on observable inputs that include: quoted market prices for similar assets or liabilities; quoted market prices that are not in an active market; or other inputs that are observable in the market and can be corroborated by observable market data for substantially the full term of the assets.

Level 3: Fair values are calculated by the use of pricing models and/or discounted cash flow methodologies, and may require significant management judgment or estimation. These methodologies may result in a significant portion of the fair value being derived from unobservable data.

Assets and liabilities carried at fair value on a nonrecurring basis using level 2 inputs generally include donated good, facilities and services. Long-term promises to give are valued on a nonrecurring basis using the net present value of future cash flows discounted at a risk-free rate of return which is a level 3 input.

Functional allocation of expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of activity and of functional expenses. Accordingly, certain costs have been allocated between the program and supporting services benefited.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Alternative investments consist of the Alliance Bernstein Unconstrained Bond Fund. The fund is valued at Net Asset and has been audited annually by Ernst and Young LLP. The objective of the fund is to generate income consistent with the preservation of capital. Investments in these category for which there is no readily determinable market value are classified as Level 3, as the valuation is based on significant unobservable inputs. The fair values of these investments have been estimated using the net asset value per share of the investments as provided by the fund manager. These investments have no restrictions on redemption.

NOTE 3 – ASSETS HELD IN TRUST

FWS is named as remainderman in certain charitable remainder trust agreements administered by others (life income gifts and life insurance policies). The terms of these agreements provide for the disbursement of the trust assets to FWS upon the death of the final beneficiary. During the life of the beneficiaries, certain payments are made from trust assets as prescribed in the agreements.

FWS is also the beneficiary of a perpetual trust (Hezlep Trust) administered by a third party. Under the terms of the agreement, interest and dividends are distributed to FWS on a quarterly basis. Assets held in trust are stated at fair value using the net present value of future cash flows which approximates the value of the underlying investments held in the trust and is a level 3 input.

NOTE 4 – ENDOWMENTS

FWS' endowment funds consist of six individual funds established for the purpose of providing scholarships and other long term needs. FWS' endowment funds include one Board-designated endowment fund and five donor-restricted endowment funds. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence of donor-imposed restrictions. FWS accounts for its endowments in accordance with the "Uniform Prudent Management of Institutional Funds Act," (UPMIFA) as stated in the Revised Code of Washington (RCW) 24.55.

Interpretation of Relevant Law

FWS has determined that requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary is appropriate. As a result of this interpretation, FWS classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment, as applicable, made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those

amounts are appropriated for expenditure in a manner consistent with the standard of prudence prescribed by UPMIFA.

In accordance with UPMIFA, FWS considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1) The duration and preservation of the fund
- 2) The purposes of the organization and the donor-restricted endowment fund
- 3) General economic conditions
- 4) The possible effect of inflation and deflation
- 5) The expected total return from income and the appreciation of investment
- 6) Other resources of the organization and
- 7) The investment policies of the organization

Return Objectives and Risk Parameters

FWS has adopted investment policies for endowment assets that focus on long-term results. At a minimum, these policies attempt to provide a predictable stream of funding to programs supported by FWS while seeking to maintain the purchasing power of the endowment assets. Under the policy, the endowment assets are invested in a manner that is intended to produce maximum long-term total returns consistent with reasonable risk to principal for their asset category.

Strategies Employed for Achieving Objectives

To satisfy its long-term total return objectives, FWS relies on a total return strategy in which investment returns are achieved through both capital appreciation and current yield. FWS targets a diversified asset allocation and has taken steps to move toward alternative investments of up to 15% of the total portfolio while reducing fixed income to 25% of the portfolio. This transition in allocation is expected to occur over a two year period. To facilitate this transition, FWS created an Investment Committee consisting of current Board members. Asset allocation as of June 30, 2017 was 42% equities, 40% fixed income, 9% alternative investments, 8% emerging markets and real estate, and 1% cash.

FWS' investment policy guidelines are reviewed and reconfirmed or revised on at least an annual basis. Performance of the organization's investments is reviewed on a regular basis by the Investment Committee and reported to the Board of Directors.

FWS' Endowed Scholarship Funds were established by written agreements with the originating donors. Under the agreements, the corpus is protected in perpetuity and only the temporarily restricted portion of the fund can be spent unless authorized by the originating donor.

The FWS Legacy Endowment (the Fund) was established to provide individual the opportunity to make charitable gifts to FWS that will become a permanent, general endowment for FWS, and a living memorial to those expressing their support for FWS. The purpose of the Fund is to create earnings for distributions that further the charitable and educational purpose of FWS.

Donations to the Fund are permanently restricted and invested. A portion of each year's net investment income, equal to the fiscal year's CPI-U(0.2% as of June 30, 2017) plus 1% and known as the "hold back" is reinvested to prevent erosion of the historic dollar value of the Fund. The "hold back" is added to the historic dollar value, and reclassified as permanently restricted. The balance of the net investment income may be spent where most needed as determined by the Board of Directors.
